

### The European Consortium for Astroparticle Theory

Gianfranco Bertone (Amsterdam U.) announced the appointment of Silvia Pascoli (Bologna U.) as the new Director of the European Consortium for Astroparticle Theory (EuCAPT), David Marsh (Stockholm U.) as Vice-director, and **Francesca Calore** (LAPTh's member) as new Council Chair.

EuCAPT is only 5 years old, it has grown to a vibrant and diverse community of 140 institutions all over Europe, with more than 1700 active members. With 11 task forces in place, coordinating the EuCAPT activities across the many fronts on which they are active: Collaborative Projects, Colloquia, Community Building, Funding Opportunities, Governance, Newsletter, Outreach, Symposium, Training, Website, Workshops.
